

The Unifiller Depositor is the modern solution for dough depositing and extruding. It is designed to provide maximum efficiency and safety through our robust and strong design. The Depositor is built to do a wide range of products such as cookies, bars, and fudge brownie dough.

## Benefits:

- **Easy to clean** — open design for complete sanitation and allergen removal
- Cuts through inclusions – BIG CHUNKS!
- Produce up to 60 cuts per minute (14,400 pieces per hour with a 4 across die)
- Gentle action roller design is easy on product. What goes in is what comes out (No Auger = No Heat Transfer)
- Easily handles stiff batters that contain particulates (nuts, chocolate chunks, raisins or flavored chips) such as chunky cookies, fudge brownie batter
- Deposit direct on to belt or sheet pans

## Features:

- Built in pan sensor
- Self scraping (removable) rollers — maintains clean roller grooves for smooth operation
- User friendly control interface
- Hopper capacity — 240lbs (108kg)

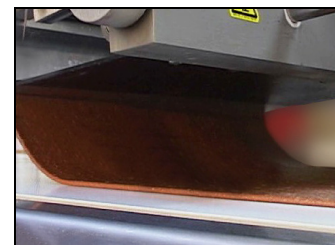

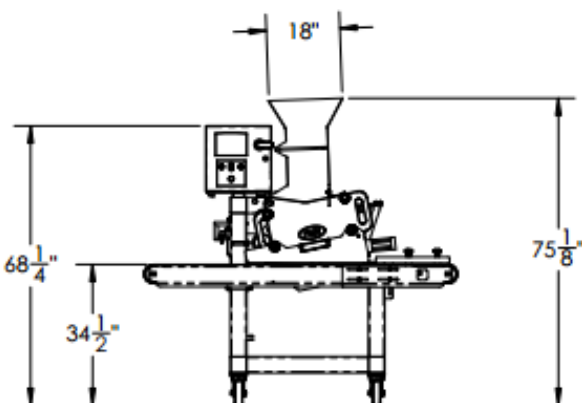

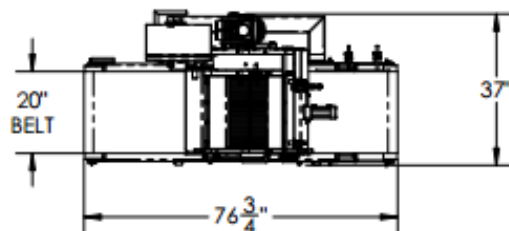

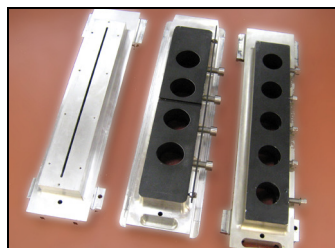

## System Includes:

- Knife Blade cut off (optional wire cut off)
- 18"/45cm wide self-cleaning feed rollers
- 24" wide integrated conveyor

# Dopositor

## Unique Roller and Cutting Technology

## Performance Specifications:

### Deposit Speed

Up to 60 cuts per minute.

### Deposit Width

Maximum: to accommodate  
18" (457mm) wide sheet pan  
Maximum port size 3" (76mm)  
diameter.

### Power Requirements

Electric: 240 volt, 15 amp single phase

Pneumatic: 4 cfm @ 80psi (5.5 bar)

Height:	75"	1.90 meters
Length:	76"	1.9 meters
Width:	37"	0.93 meters

## Shipping Information

- Dimensions: 43" wide x 80" long x 78" high (109cm x 203cm x 198cm)
- Weight: 1500 lbs (680kg)

*Note: Equipment quoted is designed to run at the quoted speed and is dependent on operator efficiency, skill, deposit size and product consistency.*
